48 VICTIMS OF NAVAL DISASTER

Dawes Chosen as Running Mate For Pres. Coolidge

Nominated After Low-
den Declines the
Honor.

HODGES TREASURER

Convention Ends With Scenes to Thrill
Old Timers—Dawes Known to
be Acceptable to
Coolidge.

By Associated Press.
CLEVELAND, June 13.—William
Hodges of Denver, Colo., today was
elected treasurer of the Republican
national committee. President Cool-
idge's selection of William Butler of
Massachusetts to be national chair-
man was ratified. Robert Wood, na-
tional committeeman from Porto Rico,
oldest member of the committee in
point of service, retained his seat to-
day in a contest brought by Juan
Soto.

The convention which last night
nominated Charles Dawes as vice-
president ended amid scenes which
thrilled the hearts of the old-timers.
Frank Lowden was nominated by an
overwhelming vote on the second bal-
lot but he declined, a thing that never
happened before in the history of the
party. After a recess, the convention
saw "Hell and Maria" Dawes into
the nomination and he accepted.
Dawes was known to be acceptable to
Coolidge.

WILL IMPROVE DETOUR AGAIN

Put More Slog on Bad Place—Open
Cumberland Avenue to 11th
Street Tomorrow.

The city will once again attempt
to improve the detour and make it
passable, according to J. E. Evans,
commissioner of public property.
More material will be placed on the
road near the ball park, places which
give the most trouble, with the hope
of making it entirely passable in bad
weather.

Cumberland avenue will probably
be opened as far as Fourteenth street
tomorrow, the commissioner stated
this morning. This will eliminate
most of the bad stretches of the de-
tour. The state has kept the newly
made section of street closed until
the warm sunshine makes it in a fit
condition for use.

More complaints against exorbi-
tant charges of teamsters who pull
luckless cars from the mudholes have
been heard. Some claim that the
men willfully direct drivers through
treacherous spots where their cars
are certain to become stuck.

LA FOLLETTE SAYS FARMER SLIGHTED

Declared Administration Has Deliber-
ately Turned Back on Rural
Demands.

By Associated Press.
MADISON, Wis., June 13.—The pres-
ent administration has literally turned
its back upon the farmers, Senator
Robert La Follette of Wisconsin de-
clared in a statement today. "Responsi-
bility for the failure of congress to
meet the demands of the farmers for
necessary legislation will rest upon
President Coolidge, La Follette as-
serted.

COOLIDGE ORDERS BONUS TO BE PAID

Funds to be Appropriated Despite the
Failure of Last
Congress.

Associated Press.
Washington, June 13.—Directions
for administration of the bonus law,
despite the failure of Congress to ap-
propriate funds were given today by
President Coolidge to the heads of the
departments affected.

CATCH MANIAC WHO SHOT TWO

Condition of Brother-in-Law Very
Critical—Murderer
Is Held.

Returning to his home to get an-
other gun to supplement the two that
he already carried, Charlie Southern,
negro man who shot his wife to death
and probably fatally wounded his
brother-in-law yesterday, was ar-
rested by county officers at 2 o'clock
this afternoon at Wall-end.

He was placed in jail immediately
after his capture where he will be
held pending an investigation of the
tragedy.
George McNeil, brother-in-law of the
crazed negro, whom the latter shot in
the abdomen in his fit of insanity yester-
day, is in the Wilson hospital in a
critical condition. Physicians state
this afternoon that in all probability
he is suffering from a mortal wound.
Southern escaped to the mountains
after the tragedy at his home at Wall-
end. Officers began scouring the
woods for him. The chase was ex-
tremely dangerous as the fugitive car-
ried an armament of two guns. It was
only when he decided that further
weapons were necessary and returned
to his home for his other gun that he
was captured.

SMITH ARRIVES IN CONVENTION CITY

All Eyes Now Turn to New York As
Democrats Begin to
Assemble

By Associated Press.
NEW YORK, June 13.—Governor
Al Smith led the pre-convention influx
of Democratic leaders for the national
convention here when he arrived last
night. He planned to confer with
Franklin Roosevelt, his campaign
manager. William Gibbs McAdoo is
expected to arrive Wednesday. Chair-
man Cordell Hull arrived today to
take charge of national headquarters.

hogs, 1400, ten higher; sheep, 3000,
steadily, unchanged.

ALIENISTS QUIZ FRANKS SLAYERS

Groundwork of Insanity Plea Laid
In Preparation for Boys'
Trials.

By Associated Press.
CHICAGO, June 13.—Preparations
for the trial August 4 of Nathan E.
Leopold, Jr., and Richard Loeb, mil-
lionaires' sons, confessed kidnapers-
slayers of Robert Franks, schoolboy,
began yesterday, with insanity ex-
pected to be the issue.
A corps of alienists and psychia-
trists, in charge of Dr. James Whit-
ney Hall, Chicago, will examine the
youths in their cells without the at-
tendance of jail guards or prosecu-
tors.

Although defense attorneys de-
clared the defense had been given in-
sufficient time to prepare for the trial
when the date was set, it will begin
at once to lay the groundwork for its
insanity plea, it was indicated. Mean-
while the prosecution continues to
question witnesses before the grand
jury relative to the mental states of
the accused.

Despite the protest of State's At-
torney Crowe, who desired the trial
date fixed for July 15, the earliest
possible under the law, Chief Justice
Cawley of the Criminal Court set
July 21 for arguing preliminary mo-
tions and fixed two weeks later for
the trial.

Both youths, nattily attired and
displaying no emotion as curious
spectators milled about the courtroom
and broke down a door in efforts to
get a glimpse of the prisoners, plead-
ed not guilty. It was Loeb's nine-
teenth birthday, and, was the date
both had fixed for sailing for Europe
for the summer.

DOUMERGUE NEW PRESIDENT OF FRENCH NATION

Defeats Paul Painleve
In Exciting Vote
Yesterday

VOTE 515 TO 309

Edward Herriot, Radical Party Leader
Conferred With New Presi-
dent After the Election

By Associated Press.
Versailles, June 13.—Gaston Dou-
mergue today was elected president of
France by the national assembly here.
Doumergue defeated Paul Painleve,
president of the chamber of deputies,
515 to 309. The voting took place
amid great excitement which is un-
usual for the calm and decorous na-
tional assembly. Edouard Herriot,
leader of the radical party, conferred
with the new president immediately
after the assembly adjourned.

By Associated Press.
PARIS, June 13.—Edouard Her-
riot, leader of the Radical party and
potential Premier, and Aristide
Briand, another of the leaders of the
Left Coalition, yesterday asked Paul
Painleve, president of the Chamber
of Deputies, to withdraw as a candi-
date for the Presidency of the republic.

The action was taken after Gaston
Doumergue, president of the Senate,
and the other possible candidate for
the Elysee Palace of the Left parties,
had told a committee sent to him by
leaders of the coalition that he would
not withdraw from the race, but
would pledge himself in favor of the
leading Republican candidate in the
event of the presence of a reactionary
candidate.

The request for M. Painleve's with-
drawal was brought to him by a com-
mittee, which spoke for Mm. Herriot
and Briand. He was asked to retire
in order to permit the coalition of the
Left to put forward a third candidate,
outside of either M. Doumergue or M.
Painleve, who would be able to rally
to him all of the Republican votes, the
Socialist group having refused to sup-
port M. Doumergue.

The election of Painleve was be-
lieved to be assured yesterday when,
after a meeting of leaders of the
Left coalition, a committee went
to the Senate and asked Gaston Dou-
mergue, president of the body, to with-
draw his candidacy.

M. Doumergue had announced that
he was not a candidate before the
census, but that he would stand for
the office in the national assembly
when it met at Versailles today for
the election of a President.

Painleve received 396 votes and
Doumergue 119 votes in the caucus.

Submits To Liquor Charge.
Wesley Matthews submitted to
charges of having liquor in his posses-
sion in magistrate's court yesterday
and was fined \$100 and costs, senten-
ced to jail for thirty days and will be
required to make the customary peace
bond. He was arrested by the Mid-
dlesboro constabulary force at Yellow
Creek Sunday.

Friday the Thirteenth Has Usual Toll for Luckless

This is Friday, the thirteenth; the
luckless day when the fates of ill-will
conspire with circumstances and cause
this combination, either of which is
unlucky, to be one of extreme misfor-
tune.

The day has been unlucky from
nearly all standpoints. Eight men and
women in police court this morning,
rehearing the calendar was against
them, did not even make a plea for
remittal, but sought the peaceful con-
fines of the jail as a security against
further ills.

The day has been hot, sultry and en-
tirely void of the relief which usually
comes in the form of cooling showers.

GLANDS EXAMINED
Fate of Confessed Slayers May
Lie In Report
By Associated Press.
CHICAGO, June 13.—The fate
of Nathan Leopold, Jr., and Rich-
ard Loeb, confessed slayers of
Robert Franks, may depend upon
examination of their endocrin-
glands influencing their mental-
ity, behavior, personality and
prosecution. The defense of both
have retained gland experts, it
was revealed today.

OFFICERS ARE SEARCHING FOR TRAIN BANDITS

Four Automobile Loads
of Robbers Fleeing
From Chicago.

INSIDE KNOWLEDGE

About \$1,000,000 in Registered Mail
Stolen Last Night—Guards
Make Valiant Fight to Pro-
tect Valuables.

By Associated Press.
CHICAGO, June 13.—Authorities
of several counties are watching all
roads today for trace of four automo-
bile loads of train robbers who stole
a fortune of registered mail from the
Chicago, Milwaukee, St. Paul express
train last night.

Postal and bank officials declared
today that the loot was much less
than early estimates which ranged
between one and two million dollars.
One of the stolen pouches ripped open
and looted was reported found at
Crystal Lake. The Wisconsin inspec-
tor was sent immediately to that
point. Bandits whose number is un-
determined had inside knowledge as
only the most valuable packages were
stolen.

"The robbers forced their way into
the second car and the third but es-
caped uncaught from the rain of
lead the guards and clerks fired at
them and, as in the first car, they
succeeded in overpowering the guards
and clerks," Lawrence Benson, rail-
way special agent, said.

40 Pouches Seized
"The robbers did not go into any
of the other cars for they found 40
pouches of registered mail in the
first three cars.

"Although there was a crew of 70
mail clerks and guards on the train
of eight cars, they were all locked
in and their instructions were that
in no event were they to open the
doors. They were all armed and in-
structed to shoot to kill anyone at-
tempting to force entrance into their
car.

"The clerks and guards from the
three cars were forced outside and
lined up against the train. They
were guarded by three of the ban-
dits.

"As soon as the robbers had gath-
ered their loot they piled the sacks
into four automobiles parked on the
Buckley road. The three bandits
guarding the train crew made them
turn away from the road as they re-
turned towards their cars."

ASSESSMENT OF COUNTY RAISED TWO MILLIONS

Coal Mine Equipment Is
Increased 20 Per
Cent.

GIVE FULL REPORT

Valuation of County Put at \$19,777,-
588 Against \$17,991,595
Placed by the
County.

A raise of more than two and one-
half millions of dollars in the assess-
ment of Bell County was handed
down by the State Tax Commission
at Frankfort, according to the final
report sent to County Assessor Cal
Smith by John B. Lewis, chairman of
the commission. Bell county's as-
sessment as taken by Mr. Smith to-
day totaled \$19,777,588. The State Tax
Commission raised the various assess-
ments from 5 to 30 per cent and re-
turned the list with a call for a total
assessment of \$19,777,588, or an in-
crease of \$2,686,062.

Coal mine equipment received the
greatest increase with a flat jump of
30 per cent on the assessed valuation
of \$813,597. The increase amounted
to \$244,079, which brings the pre-
sent assessment of coal mine equip-
ment to \$1,057,676. Other tangible
personal property bore an increase of
30 per cent, bringing the assessment
to \$4,250,664 on that classification.

The letter from the commission
found "that it was necessary to make
certain increases in the assessed value
of certain classes of property in or-
der to make the assessment of all
property more nearly approximate its
fair cash value and to make an equal-
ization of the assessment with the as-
sessed value of properties in other
counties of this commonwealth."

The assessment as to bank shares
and certain other property is merely
tentative, according to the commis-
sion, which made the following state-
ment relative to this matter:

"There are now pending before
this commission questions as to the
assessments of bank shares and of
the properties of certain individuals,
companies and corporations, and this
certification is made without prej-
udice thereto and this commission
makes this certification as merely
tentative as to bank shares and the
individual assessments of individuals,
companies and corporations and re-
serves the right to modify, change
and alter the assessed values of bank
shares and of properties of individ-
uals, companies and corporations and
to hereafter make final certifications."

The total equalized assessment of
real estate and intangible personal
property was fixed at \$14,676,127,
with a state tax credited to the
school, road and sinking funds of
\$51,138.61. The general fund will re-
ceive taxes of \$25,512.15 on an assess-
ment of \$5,102,430, on tangible per-
sonal property less the exemptions.
The full report follows:

Land, timber and improvements,
\$5,769,537; increase of 6 per cent
totals \$3,461,772. Assessment \$9,
125,709, at 30-cent rate; tax \$13,
347.12.

Coal rights and leases, \$339,083;
increase 8 per cent totals, \$27,127.
Assessment \$366,210, at 30-cent rate;
tax \$1,098.68.

Town lots and improvements, \$4,
415,800; increase 5 per cent totals
\$220,790. Assessment \$4,636,590, at
30-cent rate; tax \$13,909.37.

Intangible personal property, in-
cluding bank shares, assessment \$3,
556,618 at 50-cent rate; tax \$17,
783.09.

Coal mine equipment \$813,597;
increase 30 per cent totals \$2,440,797;
assessment \$1,057,676.

Live stock, \$201,445; increase 10
per cent totals \$201,445; total assess-
ment \$221,590.

Other tangible personal property,
\$3,269,742; increase of 30 per cent
totals \$880,922; total assessment \$4,
250,664.

Grand total equalized assessment
of county, \$19,777,588; total taxes
\$76,650.76.

U. S. S. Mississippi Men Die In Double Explosion

COMMUNITY CHEST
CAMPAIGN CLOSES

About \$2,600 of Quota Still Lacking.
Chairman Reports
Today.

With the Community Chest drive
practically finished at noon today W.
C. Stair, general chairman, announced
that indications were that about
\$15,000 would be collected of the
\$17,500 quota.

He lacked more than \$2,600 or hav-
ing quota then but stated that solici-
tors were out with funds to the
amount of over \$100 which, when
turned in, would probably aggregate
\$15,000 in all. This, he explained, in-
cludes the balance carried over from
the Community Chest year which
closed June 1.

The solicitors were organized at
9 o'clock this morning and went out
to finish the work in an attempt to
reach the goal. A number of persons
had never been interviewed and early
bearing their names were given the
workers. A number of them responded
with the result that probably \$300
was collected.

The amounts collected will be com-
piled tomorrow so that the final re-
sults may be published in the after-
noon paper.

LAD IS KIDNAPPED 6 BOYS SUSPECTED

Beaten, Held In Woods, While Ten
Dollars Ransom Demand
Dispatched.

By Associated Press.
EAST ORANGE, N. J., June 13.—
Three boys are being questioned by
police while three others are sought
for kidnapping 8 year-old Joseph
Luaci for ransom Wednesday night.
Mrs. Aurelia Liaci, well-to-do store-
keeper, told Police Judge Strasse that
Joseph had been kidnapped, taken to
a woods, stripped and beaten and held
several hours.

The boy was brought into court
suffering from a possible fractured
jaw and the loss of a tooth. His
body was covered with bruises. He
told of having had a rope tied around
him and of threats of hanging. He
said the boys, about 14 years old,
made him sign an order for his
mother to pay \$10 for his ransom.
The boy who was sent to deliver the
order did not return and the others
became alarmed and left. The ran-
som note was not delivered.

GET CONTROL OF CLINCHFIELD ROAD

L. and N. and A. C. L. Given Author-
ity by I. C. C. for
Lease.

By Associated Press.
WASHINGTON, June 13.—The At-
lantic Coast Line and the Louisville &
Nashville Railroads yesterday were
given authority by the Interstate
Commerce Commission to acquire
joint control of the Carolina, Clinch-
field & Ohio Railway and its sub-
sidiaries by lease.

Authority was also granted for
them to assume the obligation of pay-
ing as rental for property rights and
franchises of the Clinchfield System
amounts equivalent to dividends on
certain bonds and equipment obliga-
tions amounting to \$28,202,000 now
outstanding and upon \$1,500,000 of
Holston Corporation 5 per cent realty
and collateral trust, convertible notes.

Big Stone Gap Flier Comes Here Tomorrow

Capt. Wood, of the Big Stone Gap
Aero club, will be in Middlesboro at
noon tomorrow in his giant Curtiss
plane. He will give exhibition flights
here tomorrow afternoon and Sunday
and will carry passengers.

Third Blast Feared For
the Ship Now in
Harbor.

ONLY FOUR ESCAPE

Gun Explodes Prematurely, Traps Men
In Turret Chamber by
Death-Dealing
Flames.

By Associated Press.

SAN PEDRO, June 13.—The navy's
greatest peace-time disaster snuffed
out the lives of three officers and for-
ty-five enlisted men when a premature
explosion of the dreadnaught Missis-
sippi brought disaster. A flare-back
from one of the guns shot death-deal-
ing flames of deadly gases into a tur-
ret where only four men found means
to escape. The second explosion, as
the crippled Mississippi steamed into
harbor hurried a steel projectile dan-
gerously near the passenger line.

The dead and injured lay aboard the
hospital tender ship today while mem-
bers of the naval board of inquiry
opened investigation of the disaster.
Aboard the Mississippi anchored out-
side the breakwater, officers and men
are watching the flames shattered tur-
ret where a fourteen inch gun with an
unexploded charged jammed in the
breach threatens still another explo-
sion. The danger is not yet passed, of-
ficers stated.

Seventy-three men, naval officials
stated, constitute the crew of men
working on the three guns in a tur-
ret. At the time of the explosion in
turret No. 2, seven additional observ-
ers and three additional officers, mak-
ing a total of 88 men are reported to
have been in the fire, more than 50
of whom were in the upper chambers,
the portion of the turret most affect-
ed.

The men handling the powder up
from lower decks are believed to
have escaped serious injuries be-
cause of the progressive steps the
fire was forced to take.

An Associated Press representa-
tive reached the deck of the U. S.
S. Mississippi shortly after its re-
turn to the harbor here.

While passing aft on the Missis-
sippi in a speedboat at 3:40 p. m.,
the correspondent observed the left
gun in turret No. 3 explode, firing
a shell into the water 200 feet from
the breakwater, the force of the ex-
plosion being so great as to knock
down all persons in the craft in the
vicinity of the Mississippi.

The only two men of the U. S. S.
New Mexico who were present on
the Mississippi who are known to
have escaped death or injury are:
Joe Gavriel, seaman first class of
Los Angeles, and Robert Mackavin,
boatswain, second class, of San
Francisco.

Had the turret, which was revolv-
ing at the time the explosion on the
battleship Mississippi occurred, re-
mained in the position in which it
was at the time of the explosion,
the bangfire from the left gun would
have gone into the center of the city
of San Pedro, witnesses aboard the
ship said.

When the gunner's hand guiding
the controls was wrenched away by
the explosion, the gun kept revolv-
ing and stopped as they pointed di-
rectly aft.

Thus, fortune probably saved the
lives of many citizens and the de-
struction of much property in San
Pedro.

The super-dreadnaught Mississippi,
completed by the Newport News Ship-
building company in 1917, was
launched in January of that year in
the presence of Joseph Daniels, then
secretary of the navy, and 20,000
spectators. She was christened by
Miss Camille McBeath, daughter of
J. M. McBeath, who was national
democratic committeeman from Mis-
sissippi.

When launched she was considered
one of the most powerful destroyers
in the world. She is of 35,000 tons
displacement, carries a crew of 1,400
officers and men and is armed
with twelve 14-inch guns, twelve
guns of smaller caliber.

DOWN LEVERIDGE WAY

By Agnes Grozier Herbertson

Old John Toms down Leveridge way,
He is that simple—so people say—
He hid a green switch under his
armpit,
And went shepherdin' on Christmas
Eve.

He went to the meadows by Watson's
Mill,
The water that flowed there is dried
and still,
An' never a soul goes by alone,
So he had that green place all to his
own.

But on the brightness of Christmas
Morn
He rushed out cryin' that Christ was
born,
His eyes like stars in his head wif joy;
You'd have thought they was the eyes
of a boy.

A-through the village he went an'
more,
Knockin' an' callin' from door to door;
He cried that Christ was born again—
—new—
An' the folk that heard him they
thought 'twas true.

He said that angels an' angels came
An' filled the meadows wif bits o'
flame,
An' sang of Christ that was born that
day,
He rather thought 'twas down Lever-
idge way.

Folks told old Person; they tell he
said,
After ponderin' a bit in his head,
That Christ might surely be born
again
For simple an' true-believin' hen.

He said he rather wished he'd 'a' been
Wif' old John Toms in them meadows
green,
Hearing the golden angels say
That Christ was born—down Lever-
idge way.

Missionary Society

The Yesterday

The Missionary Society of the M.
E. Church, South, met yesterday
afternoon in the church parlors, with
Mrs. C. F. Bristow, the president, in
charge. The meeting opened with
prayer by Mrs. Hinks. Mrs. Bristow
gave the Bible lesson (I will call) was
followed by reports of committees.
Mrs. Bristow read a letter from a
missionary in Mexico. Mrs. L. S.
Whitaker gave a paper on "Stew-
ardship and Proportionate Giving"
and Mrs. Hinks read an article on
"Children of Unmarried Mothers."
The meeting closed with the Mizpah.

Mrs. Hugh Allen

Hostess To Club

Mrs. Hugh Allen entertained the
members of her sewing club and
guests at her home yesterday after-
noon. A salad course was served.
The guest list follows: Mrs. John
Chesney, Mrs. J. O. Allen, Mrs. M. S.
Callison, Mrs. Ernest Warren, Mrs.
J. M. Rogan, Mrs. W. R. Pool, Miss
Mary Byrd Givens, Mrs. R. M. Barry,
Mrs. J. P. Edmonds, Mrs. C. T.
Cleveland, Mrs. Joe Faulstich, Mrs. E.
C. Lyons, Mrs. F. D. Hart, Jr., Mrs.
H. E. Dinger, Mrs. H. H. Hutcheson,
Mrs. S. H. Fulkerson of Louisville,
Mrs. E. Cockill, Mrs. Charles Irvine,
Mrs. D. G. Hinks, Mrs. W. J. Calli-
son, Mrs. R. N. Price, Mrs. Zanna
Erwin, Mrs. Schultz Gibson, Mrs. C.
P. Davidson, Mrs. Francis Callison,
Mrs. Tinsley and Mrs. R. G. Jordan.

Mrs. George Veal

Entertains

Mrs. George Veal entertained nine
tables at bridge and a few other
friends yesterday afternoon in honor
of Mrs. Ethel Colson of Asheville,
N. C. The house was attractively
decorated in summer flowers, with
crimson ramblers in abundance. An
ice course carrying out a green and
white color scheme, was served.
Those who played bridge were: Mrs.
Colson, Mrs. Clem Finley of West
Virginia, Mrs. Jones of Wilkesboro,
Pa., Miss Sadie Power of New York,
Miss Bernice Thomure of New York,
Mrs. El St. Helburn, Mrs. O. G. Wil-
lingsworth, Mrs. C. K. Broome, Mrs.
F. P. Scates, Mrs. W. R. Pool, Mrs.
H. C. Williams, Mrs. William Walk-
brecht, Sr., Mrs. G. W. Easton, Mrs.
H. E. Dinger, Mrs. H. H. Sprague,
Mrs. J. H. Keeney, Mrs. Craig Rat-
ston, Mrs. M. G. Hubbard, Mrs. Felix
Sampson, Mrs. Ben Hubbard, Miss
Margaret Perkins, Mrs. Charles
Cochran, Mrs. J. R. Elledge, Mrs.
Bruce Nelson, Mrs. H. E. Motch,
Mrs. D. D. Davidson, Mrs. H. H. Over-
ton, Mrs. Wilbur Hollingsworth, Mrs.
Eugene Smith, Mrs. Will Motch, Mrs.
Ed Yeager, Mrs. H. E. Verran, Mrs.
W. B. Fugate, Miss Mildred Kerr, and
Miss Mary Bowman. Those who came
later were: Mrs. John Bates, Mrs.
N. M. Shefferns, Mrs. Warren Rash,
Mrs. W. E. Evans, Mrs. W. J. Calli-

son, Mrs. Henry Heaton, Mrs. T. D.
Vankirk, Mrs. Lon Yeakum, Mrs. J.
N. Nuckolls, Mrs. R. L. Maddox, Mrs.
C. C. Thomas and Miss Lina Renne-
baum. Mrs. Veal was assisted by
Mrs. Sprague, Mrs. Bates, Mrs.
Fugate and Miss Rennebaum.

W. M. U. HAS ALL DAY MEETING

Pineville and Middlesboro Women Hear Interesting Programs.

The W. M. U. of the Southern Dis-
trict held their yearly association
meeting at the First Baptist church of
Middlesboro, Thursday, June 12. Mrs.
B. G. Allison, superintendent, was in
charge. A goodly number of Pineville
women and some from all over the dis-
trict were there.

The morning session program fol-
lows: Devotionals, by Mrs. J. R. Hoe;
Word of Welcome, by president, Mrs.
J. K. Tinsley; Yearly report of the W.
M. U. work; a playlet given by the
Sunbeam Band of Pineville; duet by
Pineville girls; Mrs. C. W. Elser, vice-
president of the Southeastern District
from Williamsburg, had an all around
table discussion on the condition and
needs of W. M. U. Work in the differ-
ent churches. A nominating commit-
tee was appointed to nominate the of-
ficers for the coming year. The new
officers were elected as follows: Super-
intendent, Mrs. Gibson of Pineville;
assistant superintendent, Mrs. B. G.
Allison of Middlesboro; secretary, Mrs.
Ed Hoe, of Middlesboro; Young Peo-
ple's leader, Miss Porter of Pineville.
The session was dismissed at noon and
a delightful luncheon was served to
the committee in charge.

The afternoon program follows: De-
votionals, by Mrs. Adkins president of
the Pineville W. M. U.; Mrs. Bratcher,
a returned missionary from Brazil,
gave a very interesting talk on their
work in the foreign land; solo by Miss
Charline Gagle; playlet given by the
Sunbeam Band of Middlesboro; duet
by Mrs. T. G. Brummett and Miss Nora
Newman; Mrs. Jane Cree Bose, cor-
responding secretary of the state, from
Louisville, gave a very helpful talk on
the W. M. U. work all over the South-
land. The meeting was dismissed by
Mrs. Bose to meet at the Pineville
Baptist church next year.

BELL COUNTY TEACHERS NAMED

Term Begins In July, Lasts Till Jan-
uary — Many New
Names

Teachers for the Bell County schools
for the term beginning next month,
and lasting until January were select-
ed at a meeting of the Bell County
Board of Education Saturday. Many
of those elected have served before.
The complete list of teachers given out
by Camie Wilson, county superintendent,
follows:

Rose Lee Stewart, Wasoto; Edgar
Wilson, Four Mile; J. D. Goodin, Tins-
ley; Mrs. George McGaffee, Tinsley;
H. E. Carter, Ingram; Thomas Trib-
bell, Pineville; Juanita Robbins, Was-
oto; Georgia Thompson, Pineville;
Bessie Odell, Pineville; Lillian Sewell,
Wallend; Bertha Bailey, Blanche;
Roy Slusher, Beverly; Ida Jackson,
Cary; Jennie Onkst, Blanche; Nora
Ward, Slusher; Della Bailey, Blanche;
Mossie Asher, Beverly; P. W. Woolum,
Slusher; Bessie Napier, Slusher; Geo.
Asher, Beverly; Elizabeth Raybush,
Beverly.

Charlotte Arnold, Beverly; Walter
Miracle, Miracle; Elaine Goben, Ber-
evly; E. L. Slusher, Beverly; Elizabeth
Berlin, Beverly; J. F. Knuckles, Ber-
evly; Howard Lock, Kettle Island; Mol-
lie Woolum, Slusher; Boyd Howard,
Pineville; N. P. Parsons, Hulon; Mrs.
Howard Lock, Kettle Island; Mrs. M.
B. Withrow, Hulon; Mrs. E. M. How-
ard, Hulon; J. C. Chestnut, Balkan;
Della Thompson, Calvin; Helen Pearl,
Pineville; J. W. Wilder, Miracle; L. H.
Lee, Oaks; A. B. Wilder, Cubage;
Amanda Thompson, Calvin; Hassie
Thompson, Calvin; G. W. Rhodes, Va-
rilla; Miss Robinson, Calloway; Jacob
Howard, Cardinal.
— Mrs. F. Knuckles, Wasoto; Bessie Mir-
acle, Calvin; Fanny Durham, Was-
oto; John G. Browning, Wasoto; Mal-
inda Miracle, Pineville; Roscoe Evans,
Pineville; Jesse Rice, Colmar; J. M.
Lee, Oaks; Charles Taylor, Oleika; W.
L. Knuckles, Colmar; Whorton Fusan,
Pineville; W. S. Lee, Chenoa; Robert
Mason, Darinburg; R. B. Lee, Davis-
burg; Henry Wilson, Cubage; Mrs.
Annus, Ralston; H. D. Wilder, Cu-
bage; Sallie Powell, Pineville; G. W.
Ingram, Ingram; Gillis Stewart, Was-
oto; Anne Browning, Wasoto; J. F.
Miller, Pineville; Blanche Gibson,
Middlesboro; M. K. Beatty, Middles-
boro.
— Lee Webb, Davisburg; Ruth Partis,

AMUSEMENTS

Champion Fiddler Also Phonograph Star

Fiddlin' John Carson, the Champion
Fiddler of the South, who comes to
the Manring Saturday night for one
performance with his famous Vir-
ginia Reelers Band, not only has won
the prize for seven years as the cham-
pion fiddler of the entire south, but
also has the distinction of one of the
most popular phonograph stars in ex-
istence.

Since the issuance of his first record
last summer, Fiddlin' John has grown
in popularity to such an extent that
the phonograph company making his
records has been forced to work night
shifts in order to fill the orders that
are pouring in. John has made over
50 records, including the most popular
mountain tunes, songs, jigs and melo-
dies of the olden days. His voice
has been heard through this medium
in all civilized countries, and during
the past six months he has attained
added fame through his broadcasting
over the radio at Atlanta. His music
has been heard on the radio at points
as far distant as Alaska, Honolulu,
South America and England. On his
next trip to New York, Fiddlin' John
has promised to broadcast from the
largest radio station in the Metropo-
lis, and it is expected that his music
will then be heard in many points in
Europe.

This is his first tour of the south
in person and his appearance here
Saturday night is expected to draw
a capacity house to the Manring. His
program here will contain the most
popular numbers in his catalogue,
and a most unusual and refreshing
treat is promised to all who love the
oldtime music.

Real Bull Fight Is Staged Behind Scene

Associated Press.

MEXICO CITY, June 13.—A real
bull fight featured the recent presen-
tation there of Manuel Penella's play
"The Wild Cat," in which such a spec-
tacle is included, although in the Uni-
ted States the encounter took place be-
hind the scenes. A gala performance
of the show was staged in the bull
ring and Antonio Segura, the bull
fighting tenor of the play, acquitted
himself creditably when he faced and
killed the bull against which he was
pitted.

During his youthful days in Sevilla,
Segura toiled with the cape and ban-
dierillas before he discovered that the
stage was a safer and more profitable
profession than that of the torero.

Singer Affronts Critics

By Associated Press.

BERLIN, June 13.—Nationalistic
musical critics are incensed over the
fact that Georges Baklanoff, who is
starring as guest in the German
Opera House, dared sing the part of
Mephisto in French. One critic calls
this an unheard-of affront to the Ger-
mans.
Chenoa; Ellen Withrow, Pineville;
Leonard Partin, Pearl; Millard
Thompson, Tinsley; Leslie Goodin,
Maud Golden, Tinsley; Yerkes Warren

Thompson, Ingram, and Bernice Van-
bever, Pineville.

man people. "If Baklanoff could not
sing the part in German, the manage-
ment ought to have insisted upon pro-
ducing an entirely different opera. In
fact, why produce a work of Gounod
at all?"

"Dancer's Heart" is New Social Disease

By Associated Press.

London, June 12.—One of the most
fashionable complaints of the mo-
ment is "dancer's heart," according to
advice from medical sources. The
craze for dancing at all hours and at
all times, between meals and between
the courses of meals, is having an
effect on the most energetic. A visit
to the doctor produces the advice:
"You have dancer's heart. You are
suffering from overstrain. There is
only one thing to do, rest for weeks,
and no more dancing for months."

Month in Country for 78 Boys of Orphanage

HICKMAN, June 12.—Seventy-eight
boys, some of whom had never been
away from Louisville and a few who
were riding a train for the first time,
have arrived here in special cars for
a month's vacation.

Under the direction of Superintendent
and Mrs. T. J. Adams and mem-
bers of the grand lodge, the boys will
have the freedom of Oakwood farm,
the county estate of the late Robert
A. Tyler, who willed his entire for-
tune to the Louisville Masonic Wid-
ows and Orphans Home.

Next month a number of girls from
the home, none of whom have living
relatives will be brought here for a
similar outing.

Crippled Vets Hike

SAN FRANCISCO.—Two Spanish-
American War veterans—one blind
and the other crippled—recently ar-
rived in San Francisco from Los An-
geles after 31 days of hiking. The
crippled soldier guided the expedition
from his wheel chair, which was push-
ed by his sightless comrade.

FIDDLIN' JOHN CARSON

CHAMPION FIDDLER OF THE SOUTH
IN PERSON

WITH HIS FAMOUS VIRGINIA REELERS

The Soul of the South

When Fiddlin' John Carson plays and sings he holds
his audience in a magic spell of music. The charm of his
playing and the beauty of the quaint melodies of past
days brings back to you old, half-forgotten memories.

No other country or race has ever produced such sin-
cere, genuine and heart-compelling music as this and no
musician of any age could play it better.

When Fiddlin' John Carson draws his bow across the
strings at the Manring Theatre Saturday night you
will hear the voice of the mountain country—the Soul of
the South.

MANRING THEATRE

The Housekeeper's Page

SISTER MARY'S KITCHEN

DAILY MENU FOR THE THIN AND THIN

Loss Weights

Four tablespoons shredded pineapple, 1 shredded wheat biscuit, 1 cup consommé, 1 cup cooled vegetable salad, 4 ounces broiled shrimp with lemon juice, individual mold of cucumber jelly on bed of watercress, 1 new potato with minced parsley, 2 tablespoons of string beans, 2 toasted gluten muffins, 1 brown roll, 1 pint skimmed milk.

Total calories, 1081 Protein, 271 fat 299, carbohydrate 505 Iron 0.17 gram

In making your vegetable salad arrange the vegetables in neat sections. The eye must be pleased in order for this salad to be a success. The salad is calculated to be made of two tablespoons asparagus, one tablespoon new peas, one tablespoon string beans and two tablespoons dried beans on a bed of lettuce. Two tablespoons lemon juice seasoned with salt and pepper and a bit of onion juice was poured over the whole.

Cucumber Jelly

Two medium sized cucumbers, 1 small onion, 2 stalks celery, 2 tablespoons chopped green pepper, 1 tablespoon lemon juice, 1 teaspoon salt, 1 teaspoon pepper, 1 table spoon cream related gelatine.

Parse and slice cucumbers. Cook in cucumber, onion, celery and pepper in two cups of water until the cucumbers are tender. Rub through a sieve. There should be two and one quarter cups of puree. Add lemon juice, salt and pepper and bring to the boiling point. Pour over gelatine softened in cold water and turn into four individual molds. Let stand on ice until cold and firm. Unmold and serve.

Total calories, 201 Protein, 71 fat, 12, carbohydrate, 120 Iron 0.005 gram

Gam Weight

Four tablespoons shredded pineapple, 1 shredded wheat biscuit, 2 crisp pieces broiled bacon, 1 fried egg, 1 cup consommé, 1 cup cooled vegetable salad, 2 tablespoons of string beans, 2 toasted gluten muffins, 1 brown roll, 1 pint skimmed milk.

2 tablespoons lemon butter, 1 new potato in cream sauce, cucumber jelly on French dressing, 2 tablespoons of time, 1 cream in cream, 2 pieces toast, 1 tablespoon of cream, 2 slices rye bread, 2 dinn, 1 rolls, 1 Tablespoon cream jelly, 1 Tablespoon butter, 1 cup cream, 1 pint whole milk, 1 lemon meringue pie, 1 strawberry cream puff.

Total calories, 1015 Protein, 122 fat 182, carbohydrate 179, Iron 0.19 gram

The salmon can be used with the vegetable salad. Remove the skin and cut it in before using. The fish can be used in a smooth paste with lemon juice or the fish can be simply sprinkled with lemon juice. The food value will be the same.

Don't forget to fry the egg gently. Intense heat and quick cooking will make the white tough with an unattractive brown coating on the under side of the egg.

Either the pie or the cream puff can be chosen for the luncheon dessert. As fish is present in both the luncheon and dinner menus, a dessert with a fruit flavor is de a side.

Gold Fringe

Gold fringe, about 1 foot in depth, edges, a summer wrap of black, thin lined with brocade cloth of gold.

Ostrich Fringe

The gown that is finished with one or more ruffles of ostrich fringe about the hem is featured by all the most fashionable French houses.

Eccentric Style

A hat and coat of quilted red velvet in a particularly rich shade of red, lined with black shoe polish ribbon, is one of the most eccentric things fashion offers this season.

Parasols

Embroidered parasols are new this season. One of the most gorgeous ones is of black velvet lined with shell pink satin embroidered in a shade.

Leather Cuffs

Collars and cuffs of shiny red leather make a novel touch on this straight line frock of blue chamois. The collar takes on an unusual shape to accommodate it to the side opening. A very wide scarf of blue silk matching exactly the material of the dress in color completes the costume.

Pineville Woman's Club Names New Committees

PINEVILLE, June 11—Chairmen and committees for the Pineville Woman's Club for the current year were named at the regular meeting of the organization last Wednesday at the home of Mrs. L. W. Pitman, newly elected president. They follow:

Educational—Mrs. R. R. Atkins, chairman, Mrs. M. A. Sher and Mrs. C. E. Shaffer.

Musical—Mrs. Edna R. R. Atkins and Mrs. R. W. Moss.

Civic—Mrs. W. R. Morrison, chairman, Mrs. Mary Heath, Mrs. C. W. Mote and Mrs. Hendley Carl.

Hospital—Mrs. Edward W. Brown, chairman, Mrs. W. R. Wood.

Publicity—Mrs. Edward W. Brown, chairman, Mrs. W. R. Wood.

The retiring president, Mrs. W. P. Wood, read the Club Woman's Creed after which Mrs. Pitman was installed as president, Mrs. Mary Helton, treasurer, Mrs. Alma Lee Bickel, recording secretary, and Mrs. Brown, corresponding secretary.

Complete plans for the year's work also were outlined.

Parasols

Black velvet parasols lined with a brilliant American beauty lining are said to have another advantage besides protection—they cast a rose tint over the face which is more flattering than any known rouge.

HOUSEHOLD SUGGESTIONS

Cracked Eggs

A cracked egg may be boiled without

losing any of the white if the crack is covered with salt.

Tarts and Patties

A desirable glaze will result if you brush puff paste tarts or patties with white of egg or milk before putting them in the oven.

Cooking Fruits

When cooking fruits and the sugar when they are nearly cooked. If you cook sugar long with fruit it loses much of its sweetness.

Tomatoes for Lunch

A delicious luncheon dish is made by cutting tomatoes in one third inch slices and sprinkling with salt, pepper and flour, and sautéing in butter. Then served a buttered poached egg on top of each.

Leftovers

Combine your leftovers of meat, fruit or vegetables with a relish once in a while and garnish appropriately. They are more attractive to the eye.

Poached Eggs

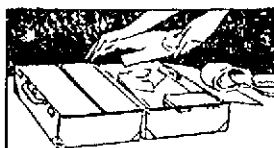

It is a good plan to poach eggs in a regular egg poacher which costs but a few cents and does the job neatly without loss of the white.

Eat Vegetables

During the first days of spring it is well to include many vegetables in the diet, particularly those containing much iron and medicinal value, such as greens, spinach, asparagus, and the like. Vegetable dinners should be instituted once or twice a week.

Baby's Things

When traveling with a baby, put everything you will need for him

where it is easily accessible and you can get it on a moment's notice.

Ducks Carry Eggs to Inland Reservoirs

PITTSBURGH, June 13—A popular belief that fish are placed in reservoirs for purification purposes is discredited by F. J. Lanpher, superintendent of the distribution division of the Pittsburgh water bureau.

"It is an old notion that fish serve to keep down bacteria in water," Lanpher said, "but our bacteriologist says this idea cannot be substantiated. On the other hand, fish do no harm."

"Although many persons think the fish are put in the reservoirs to purify the water, they generally get into the water in the form of eggs that have lodged in the bills and feet of ducks. The ducks pause on the surface of the water in their flights in the spring and fall and the eggs, which are washed off while the ducks are swimming, soon hatch out."

CIVIC OBLIGATION WOMEN STRESSED

Apollon Women Criticized at Convention of Women's Clubs at Los Angeles

Associated Press

LOS ANGELES, June 13—Apollon the citizens especially among the women came in for emphatic disapproval in an address here today before the biennial convention of the General Federation of Women's Clubs by Mrs. W. R. Abbot of Detroit, chairman of its division of citizenship training.

Woman suffrage may be a failure, said Mrs. Abbot, but one of its by-products will turn the future into a glorious victory, and the by-product is the teaching of citizenship in the public schools. Not until such courses became a part of the education and guided education seem to be the only way to the necessary for such instruction.

Tracing the progress of citizenship training in different states, the speaker added: An interesting result of the growing interest in such training in the schools is the holding of mock elections and elections on election days by the student who are using the same method of procedure in their school election. Schools are also being used more frequently as polling places.

The mere election of women on election boards is a contraction, and while we regret that so few women are willing to accept the responsibilities of office holding, we are able to report an increase in the number of women in citizenship training and in the acceptance of the duty as opportunity offers.

Electricity Increases Production of Honey

By Associated Press

GLoucester, England, June 13—Electricity has assisted bees in producing an increased output of honey, according to an announcement of the

Gloucester-lure chamber of agriculture.

A number of beehives were erected in an airy both lighted and heated by electricity during the winter months, with the result that strong broods of bees started to collect honey much earlier than usual and the obtained supplies from the early blossoms of fruit trees. The output of which have was thus greatly increased.

Modern Jazz Approved By Teutonic Teachers

By Associated Press

CASSI, Germany, June 13—Jazz has been finally approved by the German Dancing Teachers' Association despite efforts of the conservatives who have fought desperately for several years to prevent the old time waltz from being crowded out.

The radicals within the ranks of the

association have been clamoring since 1921 for official recognition of jazz, and at this year's congress of the teachers in Cassel the modern and the radicals joined forces and by a big majority gave jazz the official stamp of approval.

Trimmings

Bunches of very realistic fruit trim the smart felt hats that come in fascinating shades of green, red, henna and beige.

Fringed Scarf

A scarf fringed with ostrich feathers in self color is a part of many of the most effective evening gowns shown for summer.

Scarf Styles

There are many variations of the scarf this season but one of the most interesting is buttoned across the bateau neckline of a kasha coat.

TACHAU WINNER IN RECORD MATCH

Golfer Who Will be at Tournament Here, Sets Record for Play.

LOUISVILLE, June 13.—Lewis Tachau of the Audubon Country club and Charles Black, Atlanta, furnished the sensation in the Southern amateur golf tournament at the Louisville Country club yesterday when they fought to the twenty-fifth hole before a decision could be reached. Tachau, the Louisville, proved Black's master after seven holes of overtime play, winning 1 up in the second round of the championship flight.

This match sets a new record for overtime golf play in the big tournament competition. Tachau beat the man who on Wednesday eliminated Christ Brinke of Louisville, former city champion.

Tachau was 2 up at the turn, but Black leveled the count on the thirteenth hole. They were even going on the eighteenth hole, and Black maintained the tie by sinking a twenty-foot putt.

The scores follow:

Tachau—
Out ... 5 3 6 2 4 4 5 3 5—38
In ... 4 1 5 5 3 4 4—37
Extra ... 5 1 4 3 1 5 5
Black—
Out ... 5 4 4 4 4 1 5 5—39
In ... 4 3 4 5 3 3 5 4—36
Extra ... 5 1 4 3 4 5 6

The nineteenth, twentieth and twenty-first holes were halved in 4s, both men scoring birdies on the nineteenth. Tachau won the applause of a large gallery when he conceded a three-foot putt upon finding his opponent's ball half buried in a heel mark. The twenty-second and twenty-third holes were halved in pars and 4s. Both men missed easy putts exceeding par by one stroke on the twenty-fourth, halting out in 5.

Black's downfall came when he topped his second shot on the twenty-fifth enabling Tachau to chip closer to the pin. Black was over anxious in his efforts to run down long putts on the last three holes and this wrought havoc with his final shot, which was four inches short.

Lewis Tachau will be in Middlesboro for the state golf tournament.

HOTEL CUMBERLAND IS REDECORATED

Everything to be in Readiness for Golf Tournament Visitors June 25-28.

The Hotel Cumberland is getting "all dolled up" for the Kentucky State Golf Tournament which will be held here June 25-28. During the intervening twelve days efforts will be made to effect an entire redecoration of the interior of the hostelry.

Guests rooms are now being re-papered by a crew of expert decorators. The work will continue until all the walls and ceilings have been refinished. The work of overhauling is not confined to the building; plans have been made for the reconstruction of that portion of the sidewalk in front of the building where water stands nearly all the time.

Fifty-five reservations have been made by prospective tournament visitors, the number being increased as the event draws nearer. A large canvas sign has been placed over the front of the hotel which nominates it as tournament headquarters and extends a welcome to the city.

Russians Preserve Aurochs

By Associated Press.
MOSCOW, June 13.—About 200,000 acres in western Caucasus, where the aurochs or European bison still survives, have been declared a national preserve. The purpose is to afford these animals adequate protection.

BLACK GOLD HEADS CANADA RACE LIST

Pick of American Thoroughbreds for Windsor Handicap—Zev, Mad Play, Included.

By Associated Press.
WINDSOR, Ont., June 13.—The pick of the American thoroughbreds have been nominated for the annual renewal of the Frontier handicap, feature event of the Windsor Jockey club meeting, July 12 and 13.

The event which carries \$10,000 added has attracted nominations from the stables of some of the best known sportsmen. Nomination fees have been posted for 61 thoroughbreds and from this field it is expected a group of the fastest runners on the continent will be picked.

Heading the list are such leading lights as Black Gold, winner of the Kentucky Derby; Zev, last year's wonder horse; Chacolet, Bracadale, Mad Play; Mad Hatter and Chilhowee.

Commander J. K. L. Ross, who won the last running of the Frontier with Boniface, has named ten of his best runners. The Seagram stable has tentatively offered Brilliant Jester and Digit.

DOCTORS BLAMED WHO GIVE DRINK

Prescription Practice Condemned at National Meeting of Medical Association.

Associated Press.
CHICAGO, June 13.—Measures against unscrupulous physicians who make illegal prescriptions of alcohol, were urged by Dr. Joseph A. Capps of Chicago, chairman of the section on practice of medicine of the American Medical Association, in an address before its convention here today.

One of the most flagrant instances of irrational therapeutics is the abuse of the physician's license to prescribe alcohol, the speaker asserted. "It is well known that most of the liquor dispensed on physicians' prescriptions is not intended for the treatment of the sick. Whatever as individuals we may think of the Volstead law, we are morally bound to restrict prescriptions to medicinal purposes. Selling one's prescription blanks to the druggist is worse than fee splitting and should be cause for exclusion from membership in this association."

Other unscientific tendencies in the practice of medicine cited by Dr. Capps were the promiscuous use of vaccines for diseases in which they give no help, the growing use of gland extracts for treating various body functions, and the injecting of medicine into the blood, which is a dangerous practice, even in emergencies. All of these practices owe their being to the fact that in each field there has been limited work done by true scientists.

In Detroit, a man married a widow with seven children. This puts the round-the-world aviator daredevil in second place.

When you see a fellow looking at the thermometer and chuckling, more than likely he is some soft-drink dealer.

FERNDAL COAL MINING COMPANY, BANKRUPT

By virtue of authority invested in me as Trustee of the above bankrupt, I will on the 24th day of June, 1924, at 2:00 o'clock in the afternoon of said day, offer for sale to the highest and best bidder all of the property of the above bankrupt consisting of one stock of merchandise valued at \$500.00, seven mules, one Heidler-Davis boiler, (50 horse power), one Marsh pump, ten mining cars, pipes and mine fixtures, mine props, one coal mining lease of one hundred (100) acres of land, a lot of open accounts due the Ferndale Mining Co., insurance on the mines of the property; all located at Ferndale, Bell County, Kentucky; said sale will be had at the front door of the commissary at Ferndale, Kentucky, and will be made to the highest and best bidder on a credit of three months time, the purchaser being required to give bond with an approved security on the amount of his bid.

The above property will be sold separately and then as a whole and the highest bid will be accepted.

E. N. INGRAM, Trustee.
6-13-14

STOCKHOLDERS NOTICE

A Dividend of one and three quarters (1 3/4) percent on the par value of each share of Preferred Stock of this company for the quarter ending May 31, 1924 has been declared payable on June 20, 1924 to Preferred Stockholders of record at the close of business May 31, 1924.

KENTUCKY HYDRO ELECTRIC COMPANY, INC., F. A. TATE, Secretary.

Spirits With a Kick Found in Old Graveyard

LOUISVILLE, June 13.—Spirits of an altogether different kind than had been conjured in the minds of frightened neighbors "haunted" the old Snawder graveyard, five miles northeast of Kosmosdale, it was revealed yesterday.

Prohibition agents reported they had unearthed a 100-gallon still, with the furnace made of tombstones, among the graves in the abandoned cemetery.

And had any of the ghosts felt he needed a little "snifter" or two to banish some of the gloom and dullness of the spirit world he would have found three five-gallon jugs of moonshine nearby, the dry agents said.

As they destroyed 500 gallons of mash and the moonshine in the graveyard, the prohibition agents recalled the old saloon song containing the line "pickle my bones in alcohol."

The surrounding community had been seeing ghost-like figures and hearing uncanny sounds, so they thought, coming from the graveyard and things had come to such a pass that some of the more timid were afraid to pass the vicinity at night, agents were told.

East End Pond is Popular With Fishermen

Among the many recreational spots in Middlesboro and one which is more popular than others with many people is the pond near Fitzpatrick avenue in the East End.

Spasmodic attempts have been made to fill the pond with rubbish but it still remains a place where catfish, and carp and other members of the piscatorial tribe may be procured if one has the necessary tackle, bait and patience. The center of the pond is about fifteen feet deep, it is said, and doubtless this forms the rendezvous of its larger inhabitants.

Find Piper's Toll

LONDON, England.—The flat Club of West Farleigh, Kent, killed 2287 rats, 8120 butterflies, 381 moles, 279 queen wasps, 109 jays, 55 stoats, 52 bullfinches, 357 sparrows and seven foxes last year. The members of the club often are referred to as the

King Likes Spurs

LONDON.—The king's regulations have been amended to provide that spurs shall be worn with full dress and service dress by all general officers, staff and mounted officers.

THE OLD HOME TOWN—by Stanley

Hot? Work-weary? Drink Tea!

OFTEN the day begins to drag about eleven o'clock. Then is the time for a refreshing glass of iced tea. It picks you up almost instantly. You feel better immediately. Your thirst is delightfully quenched. Your nerves feel gentle stimulation. You are at once cooler and more comfortable.

Tea is a quick acting stimulant. Yet absolutely gentle and harmless. Never any unpleasant after effects.

To make sure of good tea, insist upon Maxwell House. Housewives know this brand as the best "tea insurance." No matter what your tea taste, Maxwell House will please you.

Drink tea in the morning, and again at the lunch hour. Drink it in the afternoon, and with your evening meal. You'll feel better all day, if you do this.

For sale in all the best grocery stores, in two-ounce, quarter-pound, half-pound and pound tins. Also in individual tea balls—150 and 300 to a carton.

CHEEK-NEAL COFFEE CO.,
Nashville, Houston, Jacksonville,
Richmond, New York

We will be glad to have you call and talk with one of our officers with regard to opening your account with us.

Citizens Bank & Trust Co.

Middlesboro, Kentucky.

Newspapers and Periodicals Best Advertising Media

"The growth and development of newspapers and periodicals in the United States and their obvious superiority as advertising media for local merchants as well as for manufacturers selling nationally known products is sounding the death knell for the bill board. This is the opinion of Mr. B. Fulcher, advertising manager of the firm of Fulcher, Brothers, New York Theatrical Managers, here in connection with the Fiddlin' John Carson Show billed for the Manning Theatre tomorrow night.

"What's the use of advertising nerve tonics, and digestive medicines with bill boards that give you a pain to look at them, ruin the scenery and spoil your eyesight? You have heard a good deal about 'Getting Back to Nature' I guess, but just try and take a walk on a Sunday afternoon on the outskirts of the average town or city in the United States, and, although you would like to get back to nature you can't do so because of the bill boards. The old saying 'You can't see the woods for the trees' might be 'You can't see the scenery for the bill boards.' But the magazines and newspapers as advertising media are changing all that, and if the people themselves can be shown the real reason and sanity back of the idea advertising in America will have made another big step forward."

Mr. Fulcher declared that in the past if you got on a train in New York City and rode as far as Philadelphia, Baltimore or even to Washington, you would get the impression that the farm bloc had joined hands with the bill-board trust. "No longer could the eye behold row on row of growing corn or fields of young wheat flying past the car window but only a glaring stream of bill boards flanking the railroad right of way on either side in a continuous line. Not content with taking the joy out of life for the dwellers in towns and cities the bill-board trust has in the past tried to lay hands upon every bit of pretty scenery, every fine stretch

SEND ASSESSMENT NOTICES TODAY

Six or Seven Hundred Property Owners to Have Their Valuations Raised.

Assessment notices are being made today by the city board of tax supervisors and will be sent to all property owners whose assessments have been raised by the board also those whose assessments were fixed without their knowledge. Between 600 and 700 property owners fall in this class.

of good road, with the result that tourists or commercial travellers can hardly form any idea whatever of the country through which they are passing."

The local newspaper as an advertising medium has displaced the bill board just as the railway put the stage coach out of business," said Mr. Fulcher, "and even in the slow business, where the pioneer circus and theatrical troupe depended almost entirely upon bill boards the tendency now is to cut down on appropriations for 'outside' advertising and spend more for newspaper space and direct by mail circulars and letters to the local theatre manager's mailing list."

"Last season," said Mr. Fulcher, "we made rather an interesting experiment in this connection. We had our Norn Bayes on tour, in one part of the country, Irene Castle with her dance review in another, and Frank Silver down through the South and the attraction that drew the most money at the box office, both as regards individual towns and in the season's profits were the ones on which we had spent most of our advertising appropriation on local newspaper display advertising and direct by mail circulars."

"Now, if the show business can show results like this,—and mind you the show business is one whose profits depend entirely in the earlier days upon outside advertising,—the surety local merchants and manufacturers can show quicker turnovers and better profits if they depend on their own state and home town papers, to get their selling messages across,—and how much more agreeable to the people who journey through the country,—towns like Middlesboro in the midst of beautiful mountain scenery which people would travel hundreds of miles to enjoy if they knew more about it ought not to have the landscape spoiled by advertising signs. Let the advertisers use the daily papers, they will get better results, and the passers-by will have more peace of mind."

Owing to the revision made in the work this year by William Wallbrecht, city assessor, which amounted to an increase in the assessment of many properties, little adjustment by the board was necessary. The aggregate amount of taxation has been slightly lowered, it is understood, by the equalization board.

Cooke I. O. O. F. Speaker Charles E. Cooke, holder of a number of responsible positions in the Oddfellow lodge, will be the principal speaker at a banquet at the Wallins lodge tonight. He will probably be accompanied by W. B. Jones.

REVIVAL SERMON ON REGENERATION

"Ye Must Be Born Again" Is Text of Evangelist's Discourse Last Night.

With a moderation of the temperature and a slackening of the rains the crowds came again last night to the meetings. Several declarations and professions were made yesterday. The Rev. Knight and friends were here last night from Pineville. Dr. Johnson preached a learned and scriptural sermon on the subject of regeneration from the text: "Marvel not that I say unto you, ye must be born again" John 3:7.

The speaker showed, by way of illustration, that every kingdom in the natural world, such as the mineral, vegetable and animal kingdoms are set and seated in their own realms, unless acted upon by a higher power. In like manner the human soul can not evolve itself into a state of regeneration unless operated upon by a supernatural power. In other words, it must be born from above. Regeneration is more than mere morality or church membership. It can not be gained by outward forms, rites and ceremonies. It is as the late psychologist, Prof. Wm. James of Harvard, said "A change from an unorganized, inferior and consciously wrong unhappy state, to an organized, superior, consciously right and happy state." It is a great inward moral change which re-lives the human soul. John Wesley preached ten years before he was converted. The church is full of people who have never yet experienced a change of heart. The great injunction should be shouted like a trumpet blast in the ears of old formal professors as well as to sinners—"Ye must be born again."

NEW INSURANCE FIRMS LAUNCHED

Clay Cunningham and E. A. Walker Resign College Offices, Return to Maryville.

MARYVILLE, Tenn., June 13.—Two former Maryville citizens who have been away for the past three years are returning to Maryville to enter business. Clay Cunningham, who has been secretary and treasurer of Lincoln Memorial university at Harrogate, is returning to Maryville after an absence of three years. Mr. Cunningham and his brother, Ben Cunningham, of Maryville, have purchased the insurance, rent and loan business of James T. Maxey Co., and have taken charge of the business. Mr. Maxey will be connected with the firm for some weeks, but as yet has not announced his future plans.

E. A. Walker, who has been secretary and treasurer at Carson-Newman college, Jefferson City, announces that he will return to Maryville within the next few days and establish an office, handling all kinds of insurance, specializing in farm loans. Mr. Walker was register of deeds of Blount county when he resigned to accept the position with Carson-Newman. Mr. Cunningham was also a former official of the county and both men are well known over the county and have a number of friends who are pleased to hear of their return.

Guy C. Badgett has purchased the interest of his partner, Mr. T. N. Brown, Jr., in the insurance business of Badgett & Brown, and is now in full charge of the business. Mr. Brown will leave shortly for Ohio, where he will engage in business. This is one of the well known insurance businesses of Maryville.

Blasting on Vacant Lot This Morning Startles Passersby

Boom! The dull, heavy roar broke repeatedly on the air this morning, the echo reverberating in the hills. What was the sound, what did it mean? These were questions heard on every side. The natural conclusion was that the road constructors were doing some blasting but this was denied by them.

The noise was traced to Fitzpatrick avenue, near the Rennebaum garage. A deluge of shrapnel-like particles followed each roar there, causing outside people to scurry in military fashion to places of shelter.

It developed that the explosions were being used to destroy an old steam engine on the vacant lot near the railroad. The useless and ponderous machine was too heavy to move and this method was used to rid the premises of it.

EWING NOTES

Miss Bashie Kincaid and Rhea Kincaid have returned home for vacation. The former has been attending Martha Washington College at Abingdon and the latter Virginia Polytechnic Institute at Blacksburg.

Mrs. J. C. Chadwell of Corbin was the guest of Mrs. Ella Hession and Mrs. Jessie Smith recently.

Miss Ruby Parkey has returned from a visit with relatives at Appalachia.

The Rev. J. W. Stewart left Monday for Chattanooga where he was called by the serious illness of his father.

The Children's Story Hour, which was begun by Miss Lander of the Piedmont Lyceum Bureau will be continued through the vacation for the children of the community. Mrs. W. A. Yeary had charge of the meeting last week. Mrs. W. F. Jones has organized the Camp Fire Girls and

they will probably assist in the Story Hour. Quite a large number of members have already joined, with promise of still better enrollment.

Mr. and Mrs. B. F. Kincaid and family spent Thursday with Mr. and Mrs. Ross Stickley at Rose Hill.

Major Charles B. Richard of Camp Greenbrier, W. Va., has arrived to spend the vacation at home.

Prof. R. C. Graham was here from Jonesville Thursday.

The Rev. and Mrs. I. S. Anderson of Rose Hill were calling on friends in Ewing Thursday afternoon.

Mr. and Mrs. Carley Brooks and Miss Meedia Brooks visited Mr. and Mrs. W. F. Rowlett.

has no special use, he considers this will be an excellent disposition of it.

Sunday School Entertainment
An entertainment will be given for the Sunday School children at Besworth Shady Grove Church, Monday night at 7 o'clock. Rev. A. B. Reeves is superintendent. Admission is ten cents.
